From the Principal's Desk

Our school year is in full swing now with the winter season on the horizon. Knowing that, please send your children dressed for the ever-changing weather conditions. All students transported to school by bus must be dressed for the weather.

October has been a frightfully fleeting month at Cremona School. All courses are in full swing. Interviews will be virtual this time. Our staff are looking forward to having great educational conversations with parents about their children during interviews. When we all work toward a common goal of achieving success for all students, great things can happen. See you online on November 4th.

As October has come to a close, our volleyball teams have been practicing and honing their skills. It is great to see the students working together and challenging other teams around the area. Thank you to all of the coaches for their time and commitment to their teams.

We would like to thank you all for working with us and supporting our school fundraising. Centennial Meats will be wrapping up on November 4th. We will likely run Centennial Meat sales again in the Spring. CSES (Cremona School Enhancement Society) and the 2022 Grad class have their 'Growing Smiles' fundraiser going with the closing date November 12th. Other fundraising happening in and around the school are: Milk/ice cream sales and bottle recycling - this helps to lower fees for student activities. Extra bottles can be dropped off at the Cremona Bottle depot under 'Cremona School'. Our student leadership group runs Subway Days monthly. These funds go toward school spirit activities and school beautification. Our School Council organizes monthly Pizza Day sales. These funds are used for a variety of things such as offsetting the cost of the AR reading program, water bottle filling station and bringing in guest speakers, to name a few. So once again, thank you all for continuing to support our school, staff and most of all our students.

We are very excited to welcome the new board members to our school teams, School Council, CSES (Cremona School Enhancement Society) and the Band Society. We welcome all who would like to join us for our meetings. Please check the calendar for our meeting dates. Working together as a team of staff, parents and students provides students with the best opportunity to succeed. Thank you for being part of the team!

As Chinook's Edge continues to move toward a BYOD (Bring Your Own Device) model, we'd like to suggest that the upcoming holiday season may be an opportunity to consider purchasing this learning tool to your child. Chromebooks will allow students the opportunity to engage with learning content, both inside school and at home. For more detailed information on BYOD in Chinook's Edge, please visit <https://www.cesd73.ca/parents/byod>.

Happy Autumn

Working together to ensure our students achieve

A Message from the Superintendent

In Chinook's Edge, we are deeply committed to ensuring that all of our students achieve success. We are very much aware of the disruptions your child may have faced over portions of the past three school years. As a result, we need to focus on the social emotional well-being for students and staff now more than ever. In light of this, we currently have hundreds of Educational Assistants, Teachers, Administrators and a variety of other staff receiving additional training and support through what we are calling our SEW (Social Emotional Well-being) Certification Series. We are also working on a SEW curriculum for our high school students.

In addition to these SEW efforts, our staff are working very hard to assess any learning gaps and to provide appropriate support for students as we move forward. Our staff are continuing to provide high quality learning environments to ensure that your child is successful in their learning. Our staff are also making great progress with processes like our Collaborative Response Model, where teams of staff come together to share their best thinking so they can help any student who might be struggling academically or in a social emotional area.

We are all working hard for our students so that we can face our new reality of a quickly changing world with the strength and hope that is needed for the future.

In closing, please join me in congratulating our newly elected and reconfirmed Board of Trustees. I truly believe they have become trustees because they share a deep passion to help and support your children. I have provided you with their latest Board eNews through this [link](#).

Kurt Sacher,
Superintendent of Schools

Inclement Weather Day

Key priorities when winter weather hits Chinook's Edge

Be Safe - see more details [at this link](#)

- No matter the season, be sure your child is dressed appropriately for the weather and don't let them walk if the weather is not safe.
- Watch [this video](#) for pointers on dressing children safely before they head outdoors!
- Don't drive and/or don't let your children drive if the roads are not safe.
- Be familiar with the Chinook's Edge Inclement Weather approach to safety and know what the terms

Yellow Day and Red Day mean:

- **Yellow** - Buses are not running in part or all of the division, but schools are open and learning is moving forward.
- **Red** - Red Days are rare, but Red Days mean schools are closed in part or all of the division.

Be Aware of how Inclement Weather Days will affect your family

- Central Office Leadership Team (COLT) makes a final decision before 6:00 a.m. on the Inclement Weather Day (decisions may be made the evening prior in rare, extreme weather cases). This notification will be sent through School Messenger to parents whose families will be impacted (ie. the Inclement Weather situation may only involve one community).
- An Inclement Weather admin procedure guides these decisions, particularly as it pertains to the prime morning time between 7-9 a.m. (when students and staff are driving or walking) It can be read [at this link](#).
- Notification will be posted immediately through the Bus Status App to any affected bus routes, and the Transportation Department will communicate directly with bus drivers and any impacted bus families regarding bus routes.
- Notification is emailed to all staff and is posted to the division website, Facebook and Twitter pages. Area media outlets are notified.

Be ready to learn

- Although it will look different at elementary schools than it does at high schools, learning will continue during Inclement Weather Days:
 - Yellow Days - Students who aren't able to attend class will access Google Classroom for information to help them learn what is covered in class. Students will have opportunities to catch up when they return to school.
 - Attendance - It is important that parents of rural bus students notify the school if their child will be absent. Some parents may choose to drive their child when their bus isn't running, while some will choose to keep their child at home. Schools cannot make assumptions when safety is at stake.
 - All other students with safe transportation are expected to attend.
 - Red Days - When schools are closed, students will access their learning through Google Classroom:
 - Day 1 teachers will communicate the day's learning plan with students, respecting the fact that many families may not be able to provide necessary technology or support for their children.
 - Day 2 and all subsequent Red Days will involve instruction delivered via Google Meet and/or Google Classroom.

Hello Parents,

CSES has rolled out the [Growing Smiles Fundraiser](#) and most parents will have seen the order forms come home with your child. If you haven't seen it, check out the Cremona School website and under the "Parents & Students" tab you will find the link to Fundraising. This is our 2nd year participating in this fundraiser and if you didn't order last year, be sure to check the products out as the quality is excellent! A portion of the proceeds will be going to the Grade 12's for their graduation ceremony.

Deadline for orders is Nov 12th.

Our fundraising goals for the next 2 years are high, as we look to replace the remaining old playground equipment and refurbish the track. We are always looking for new members to join our committee or sit in on one of our meetings to see what other initiatives we have planned for our school. CSES's objective is to provide funds to the school to help cover additional costs such as water filling stations, playground equipment, AR program material, sports equipment and more! Meetings are held online every 3rd Monday of the month. We hope to see you there!
